HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET SESSIONS CONFIRMATION HEARINGS

Confirmation hearings begin today regarding Jeff Sessions nomination as Attorney General

There will be substantial opposition to Sessions.

It is clear that Sessions is one of the most far Right Conservatives in politics.

Not only is he opposed to marijuana in all of its forms, on other issues his positions appear to be equally rigid.

The bottom line is that I would be very surprised if he is not confirmed.

It is just amazing to me to see the marijuana stock market so strong since the December 13, 2016 announcement.

Not only has the market rallied since that time, but it has continued to be strong in the early year of 2017.

Why would a negative DEA and Federal anti marijuana policy be viewed as positive for marijuana investors?

I am stumped.

Our website's purpose is to discuss issues associated with investing in the cannabis sector.

There are very few investment grade companies in this industry.

Many will go out of business.

My advice is to look at any investment in this industry as to how it will be affected by Sessions and Schedule 1 for a very long time. Those companies that live and die that are on the firing line of the DEA should be avoided.
