HOW TO MAKE MONEY IN THE MARIJUANA STOCK MARKET AMFIL'S SNAKES & LATTES INC. DISTRIBUTION BUSINESS

It is worthwhile to review an older May 24, 2017 AMFE Press Release. Amfil's Snakes & Lattes, Inc. distribution table top game business is described in the Press Release. Worldwide tabletop industry statistics have been projected to be about an estimated \$1.6 billion market. The Press Release states that Amfil's board game business should have 'a significant impact on revenue growth going forward.'

"TORONTO, ON, May 24, 2017 (Marketwired via COMTEX) -- TORONTO, ON--(Marketwired - May 24, 2017) - Amfil Technologies Inc. (otc pink:AMFE) is pleased to announce that our Snakes & Lattes Inc. subsidiary is in the final process of closing a purchase order with a large name-brand box store to sell approx. 50,000 units of a single title we hold exclusive distribution rights to in Canada. Partial shipments towards the total order have begun. It is estimated that Amfil Technologies Inc. will realize an approximate total revenue of \$1.25 million CAD from this one purchaser for this one specific game title.

It is estimated that this retailer will be able to move approximately 50,000 units of this particular game title on an annual basis and will therefore be placing recurring orders through us accordingly moving forward.

They will also be purchasing other game titles in which we hold the exclusive distribution rights to and we are in the process of finalizing the number of units and price points on these additional titles. Further details relating to game titles, price points, and involved parties will be disclosed as the total distribution deal comes to a close, shipments are completed and parties give their consent.

Given the recent developments within the distribution arm of our Snakes & Lattes Inc. subsidiary, Amfil's management team expects the exclusive game title distributorships to have a significant impact on revenue growth going forward.

The company will also be providing a general company highlight / shareholder recap this Friday summarizing the last two quarters accomplishments, and providing updates on operations which were mentioned but not re-addressed through public communication."
